(CORRECTED) COMMENTS

Klickitat Broadcasting (*Klickitat*), by its communications counsel, hereby files these corrected Comments in the subject rule-making proceeding looking toward a new Class A FM allotment to the community of Monument, Oregon.

1. By its Petition for Rule Making, Klickitat sought the allotment of Channel 229A to Monument, Oregon. In response, the Commission issued the Notice of Proposed Rule Making, 70 Fed. Reg. 8054, DA 05-77 (2005), proposing to allot Channel 266A to Monument.

2. On Klickitat's behalf, last evening, I transmitted Comments to the FCC which stated that Klickitat intends to apply for a construction permit for Channel 266A at Monument, if allotted. This was an error on my part. Therefore, I request that these corrected Comments be considered in place of those transmitted last evening, and I regret any confusion.

3. Klickitat has decided that it is not interested in applying for Channel 266A at Monument. Therefore, Klickitat has no intention of objecting if the Commission does not make a new allotment to the community. Of course, if some other party files Comments stating its own intent to apply, construct, to place the constructed facilities into broadcast service, and to seek a

license to cover those facilities, Klickitat does not intend to object to the allotment of Channel 266A to Monument.

Respectfully submitted,
